

Rider, Lysgaard DJ-set

The DJ shall provide the following:

- Maschine Mikro (Midi controller)
- Allen & Heath Xone DB2 (Mixer)
- 2x NI X1 (midi controllers)
- Macbook pro (host controller)

The event site shall provide the DJ with the following in good working order:

- At least 30 minutes of setup time/line check prior to venue opening
- Two 220v power outlets
- A sturdy DJ booth/table with at least 1.5m x 1m free space, 100cm high
- A pair of monitor speakers in the Dj booth with ¼" jacks for connecting to the mixer booth output
- A pair of XLR cables to connect the mixer to the sound system mixing board.

Hospitality:

- 3x bottled water & 3x cokes by the DJ booth, preferably cooled somehow
- Fresh towels
- A warm meal before the set

My stuff looks like this:

Maschine

Xone DB2

X1 x2

Macbook Pro

Regards,
Jacob
